# About us

Growing up in Boston, Massachusetts, Amanda and I both have roots in the Dominican Republic and share a passion for travel, music, and diverse cuisine. As a people-loving creative and a technical software developer, we make a dynamic duo.

Our family enjoys the balance of life in Boston and the tranquil beauty of Punta Cana, where we are delighted to share our favorite local hotspots with you. Whether it be savoring a delicious meal or soaking up the sun on the beach, we look forward to sharing our love for this picturesque place with you. In the words of a wise sage, "**Don't let others chase your dreams—be your own dream catcher**" That's the philosophy we live by, and we hope to inspire you to chase your own dreams while enjoying a memorable stay with us.

# Parking

You must pick up the remote in the apartment, hanging on the refrigerator door. (The entrance barrier to the parking areas is located after the Navio sign when coming from Amapola Street).

The remote only opens and closes the entry and exit barriers of the "Jardines de Punta Cana" complex by pressing the "B" button. For the main entrance on Amapola Street (where the barriers for the general residential complex are located), you must show the guards the access code that was sent to you via email.

The parking spaces are located at the back right of building No. 5, marked with the inscription "5D2" on each one. If you have any questions, please message us to avoid fines for occupying other spaces.
